

Cellu Liner™

Meat & Dairy Case Liner

The most effective way to reduce odor and bacteria and enhance appearance in meat and dairy cases.

Cellu Liner™ Meat & Dairy Case Liner

Using Cellu Liner In Your Display Case Reduces Odor And Bacteria.

- Multiple layers of pure, highly absorbent tissue eliminates excess moisture. Helps control residual bacteria and odor.
- Reduces premature deterioration of your display case interior.

Cellu Liner's Appearance Increases Meat And Dairy Case Appeal.

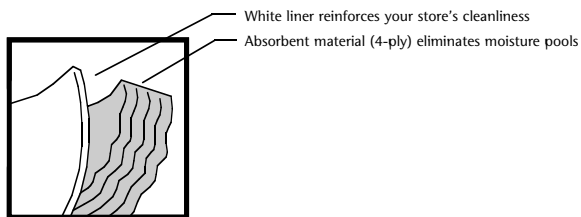

- Absorbent material eliminates unattractive pools of moisture, saving valuable cleanup time.
- White liner reinforces your store's cleanliness.
- More attractive display case promotes increased impulse purchasing.

With Cellu Liner, The Work Of Keeping Your Display Cases Clean And Dry Is Greatly Reduced.

- Save valuable time every time a display case is cleaned.
- Fits virtually every display case: Available in 250 foot rolls of 15 inch and 30 inch widths.
- Completely disposable. Simply roll up and remove, usually once a week.

Reduced Labor And Time Can Save You Thousands Of Dollars Every Year.

- Reduces labor cost of time-consuming cleanup significantly.
- Increase bottom-line profits with increased appeal and impulse purchases.
